## Frontend Developer

An enthusiastic and dedicated freelance Web Developer and Designer with 3 years of experience developing websites for small businesses. Extremely organized with the ability to work independently of own initiative and wanting to gain more experience working as part of a successful team, demonstrating the motivation and multi-tasking abilities required to meet demanding deadlines while maintaining the highest of standards. Currently looking for a new and challenging position as a Frontend Developer where I can develop product building experience.

## WORK EXPERIENCE

### Frontend Developer

Studio Locale, Kitchener, ON

May 2022

*Studio Locale is a marketing, design and development studio working with companies of all scales.*

### Web Developer Volunteer

Link Up Festival, Waterloo, ON

Jun 2020 – Jul 2021

*Link Up is a yearly festival to celebrate the African Caribbean cultural diaspora in Waterloo.*

- I brought my WordPress experience to a team of new web developer volunteers. I helped them upskill their website design, UX and development skills.
- I developed a plugin for their marketplace that allows festival vendors' information to be managed and displayed.

### Freelancer

Cape Town, South Africa

Aug 2019 – Current

*As a freelance web developer and designer, I often take my clients from design to production on their websites. My client's businesses cater to niche markets.*

- I designed and developed an e-commerce store for a client that allows them to sell physical goods, digital goods and tickets.
- I improved the page performance of an inherited site by 50% to help improve my client's SEO ranking.
- I wrote articles and used targeted keywords to help improve the SEO ranking for my clients.

### Design/Developer Intern

Karbon Black, Pretoria

Feb 2018 – Jul 2018

*Karbon Black is a digital design studio that provides branding, UI/UX and development services.*

- I worked closely with a client to develop an MVP for his product which was used to secure investments.
- I trained with the Lead Designer and took on UX work in the company along with my development work.

### University Tutor

University of Pretoria

Jan 2017 – Dec 2017

*The University of Pretoria is a tertiary education institution.*

- I was a tutor for modules Intro to Computer Science and Operating Systems.

- I assisted lecturers with grading homework, organizing schedules and designing tasks, and assisting students taking a degree course in Computer Science.

## **EDUCATION & PROFESSIONAL DEVELOPMENT**

**Web Design and Development**, Conestoga College.

*May 2020 – Aug 2022*

Modules included: Responsive site design, Javascript programming, Web security, Database design, MEAN development, Data visualisation

- This program is taught by instructors with many years of industry experience and it gave me insight into best practices and leading technology.

**Classical Animation**, Vancouver Film School.

*Aug 2018 – Aug 2019*

Main project: One traditionally animated short film and one digital short film.

- This program focuses on the 12 principles of animation, animated film production and visual arts.

**BIS in Multimedia**, University of Pretoria.

*Jan 2015 – Dec 2017*

Modules included: Data structures and algorithms, Software modelling, Concurrent systems

Main project: A functional game MVP designed and developed by a group.

- This degree is a combination of computer science modules, visual design and human-computer interaction. It equipped me with the fundamentals of software development, as well as an overview of UX/UI design.

### **Courses:**

- Member of frontendmentors.io
- Participant of hacktoberfest 2021
- Completed Vue.js 2 Academy by Chris Dixon

### **Software skills:**

- Git/Github
- VSCode
- Google Workplace
- Figma
- Adobe Photoshop, Illustrator, Sketch
- Adobe After Effects, Premiere, Animate
